Hi Chuck,

Ive forwarded your concern to my management to assess whether our guidance addresses your concerns and am awaiting a response. Regards.

-Peter

Subject: Area 40 status of work

Pete,

Based on Chris Fennessy's recent communications I understand that Aerojet anticipates a drilling investigation for Area 40 to commence late in April or early May. This will help them finalize their design. Will DTSC allow this work to continue and do you have requirements for precautions as part of their health and safety plans for field work during the shelter in place order? Our management is asking us to characterize work on sites and conformity to local regulations during the COVID-19 response.

Thanks,

Chuck
